## 11.9 Health Care Delivery Committee

The aim of the Health Care Delivery Committee is to establish and promote relations with other professionals from orthopaedic and trauma surgeons involved in the care, research or education of shoulder and elbow.

The Health Care Delivery Committee consists of five (5) members, or more if needed, nominated by the Executive Committee and appointed by the General Assembly. At least one of these members must be a physiotherapist or a rehabilitation specialist physician. At least one of the members of the Health Care Delivery Committee must be a member of the Executive Committee. The appointment is for a two (2) year term. Members may serve up to two (2) successive terms.

The Executive Committee shall designate the Chairman of the committee. The appointment of the Chairman is for a two (2) year term of office and he may serve up to two (2) successive terms.

The Health Care Delivery Committee is responsible for the organisation of the specialty day about rehabilitation in collaboration with the EUSSER.

The Health Care Delivery Committee shall present an annual report at the General Assembly.

# Goal
