

Membership Committee Newsletter

December 2021

Dear SECEC Members,

The Membership Committee received an increasing number of applications for ordinary, junior, associate and corresponding membership throughout the last two years.

The amount of applications attests the great interest for participation in our society.

SECEC is a growing society and we are firmly committed to facilitate the access for young and motivated shoulder and elbow surgeons <https://www.secec-essse.org>

There are different types of membership and especially junior and associated memberships are within easy reach. The application process is easy and we encourage every interested practitioner to visit the website of our association.

Members of the committee

Olivier Verborgt (Chairman)

Nicolas Bonnevalle

Andreas Leonidou

Kirsten Lundgreen
